

Five things you need to know today

Chief Executive of Council to step down

The Chief Executive of The City of Edinburgh Council, Andrew Kerr, OBE, is to step down in June. He will be 65 in March and has been at the helm of the local authority since 2015.

Transport and Environment Committee

The first Transport and Environment Committee (TEC) meeting takes place today.

The committee will hear about plans to revamp the major junctions in the city – with a warning that work on the junction at Harry Lauder Road which is to be given the highest priority, will take two years to complete.

Callum's Big Walk

Callum Isted lodged a petition with The Scottish Parliament in 2022 which will be discussed at Holyrood again in a couple of

weeks. The primary school pupil will then meet Jenny Gilruth MSP to see if the Scottish Government will progress his petition. The eight-year-old called upon The Scottish Government to provide every primary school pupil in Scotland with a reusable water bottle. The petition at present remains “under consideration” by the government.

The young environmental campaigner is also undertaking a Big Walk to raise money for eight charities. He is walking the eight longest bus routes in Edinburgh to raise money and has so far raised around £331 which the fundraiser says will pay for bus tickets – but is actually going to be paid to Callum’s chosen charities which are:

Heart and soul

Gifted German artist Michael Pendry to once again transform St Giles' with his newest masterpiece

By PHYLIS STEPHEN

A NEW PUBLIC sculpture created by German artist Michael Pendry, will be sited in St Giles' Cathedral later this month. 'HEART' makes its UK premiere in the

capital in a collaboration between the Burns&Beyond Festival and the St Giles' 900th.

The anniversary marks the founding of the cathedral, to be celebrated with events throughout 2024. This year HEART will light up the

cathedral with the very symbol of life itself, a new three-dimensional work measuring five metres tall, will transform the space with a ticketed evening illumination and soundscape for visitors. The installation will take ten days to build and will be a central part of

the Burns&Beyond Festival which takes place in the city from 25 January to 11 February. What better symbol for the festival which takes its inspiration from Robbie Burns and promotes 'Luv, hope and Kindness', than a heart?
