Camelot Holiday Park at Longtown in Cumbria has released a new phase of luxury holiday homes to buy – at last year's prices.

Prices are from £55,000 for the three bedroom Willerby Manor, a spacious and contemporary static caravan holiday home with a fully fitted luxury kitchen with integrated appliances. All of the holiday homes are complete with decked areas and driveways. Airy and roomy, they offer open plan layouts with modern touches. Master bedrooms are complete with en-suites, and the holiday homes have an abundance of storage space.

Along with the Willerby Manor, buyers can choose from three models from leading manufacturer, ABI, a spacious Beverly at £59,000, a holiday home complete with a stunning open plan living area, the St David at £62,000, which features statement kitchen lighting and a kitchen sink with a view.

The ABI Ambleside is priced at £90,000. Finished with a luxury décor, the ABI Ambleside features a well-designed interior, fresh colour scheme, and a whole host of practical necessities, including an integrated living room fire. It is one of the most impressive properties in ABI's current range. All of the homes are fully furnished and decorated ready just to move in.

Family run Camelot Holiday Park is secure, gated and open for 12 months of the year. Buying a staycation holiday home at Camelot Holiday Park offers easy access to the Scottish Borders and North Lake District for day trips and excursions.

Owner William Stewart said: "These are beautiful holiday homes with top class specifications, ready to enjoy straight away, and indeed all year round too, as we are open a full twelve months at the park.

"We are a well established, family run holiday park where you can buy with confidence. We are delighted to be releasing more holiday homes in 2024, as we look forward to a new season here on our picturesque park in which we take great pride.

"Come and see us now and enjoy a tour of the properties. Buy at 2023 prices before our prices are increased in the spring. They all enjoy an ideal setting on the park with some of the best views."
