

RIO Brazilian Steakhouse – now open

RIO Brazilian Steakhouse opens its doors in Edinburgh today

This is the first Scottish venue and it is located behind the Assembly Rooms on George Street.

The popular Brazilian Steakhouse offers an authentic Brazilian Churrasco dining experience with exquisite cuts of meat carved tableside, while skilled chefs prepare authentic dishes from a stunning central sushi and salad bar, with an array of imported cheeses, meats and Brazilian flavours for diners to choose from.

This new 150-cover venue is the restaurant's first venue north of the border, bringing its non-stop meats concept to Scotland with a set price boasting a competitive alternative to other steakhouses in the city.

The expansion follows RIO's success in England, marking the eighth location since the brand was established. Founded in Jesmond in November 2019, the Edinburgh site adds to its current locations in Jesmond, Newcastle's Quayside, Middlesbrough, Durham City Centre, Warrington, Chester and York.

RIO opens from 5pm, Friday 9 February.

Bookings are now open
