

Summer signing No 4 for Hearts

England under-20 defender Daniel Oyegoke has penned a three-year deal with Hearts, joining the cinch Premiership club from Brentford.

The 21-year-old right-back's deal is subject to international clearance and Scottish Football Association Football clearance.

He is described as an athletic, attacking player who is a former member of Arsenal's youth academy and he had a six-month loan at Milton Keynes Dons.

Last season, he was on loan at Bradford City and Steven Naismith, Hearts head coach, said that this was another positive signing for the club.
