

Shannon Leishman signs a one-year contract extension with Hibs Women

Shannon Leishman has signed a one-year contract extension through to the summer of 2025.

An ever-present on either flank, Leishman impressed in the latter half of the 2023/24 season and played an instrumental role in Hibs Scottish Cup fourth-round victory over Glasgow City.

She also scored her first goal of the season against Motherwell in an impressive 5-0 victory and contributed a handful of assists throughout the season.

A lifelong Hibs fan, Leishman made her debut in 2014 against Rangers, and since that point, has gone on to star in four different cup-winning campaigns, played in the Champions League and achieved her dream of playing under the lights at Easter Road.
