

Hibs winger Jair Tavares joins Motherwell on season-long loan

Hibs winger Jair Tavares has joined fellow William Hill Premiership side Motherwell on loan.

The 23-year-old will spend the rest of the 2024/25 campaign at Fir Park.

Jair joined Hibs in the summer of 2022 and has gone on to make 42 appearances for the Club.

So far this season, the winger made three appearances for David Gray during our Premier Sports Cup run.

Hibs Head Coach David Gray said: "Jair hasn't had the game-time he would've hoped for at this stage of his Hibs career.

"He's been good to work with and he works hard on his game every day. This loan gives him an opportunity to gain regular game-time, which will benefit him at this stage of his career. He will relish this opportunity, and I wish him all the best for the rest of the season."

Hibernian FC Sporting Director Malky Mackay added: "We're continuing to evolve the First Team squad, and this move is a good one for all parties.

"We wish Jair all the best at Motherwell."
