

£35 million development takes top prize at prestigious awards

An independent housing developer has won an award for the Apartment of the Year at The Herald Property Awards.

Dundas Estates' The Wireworks, located at the former Brunton Wireworks site in Musselburgh, is selling a collection of high-spec one, two, and three-bedroom apartments, as well as stylish penthouses, in the historic town.

The Wireworks impressed judges with its outstanding design and commitment to high-quality living. Each apartment has modern features such as Hive-controlled heating, Porcelanosa bathroom tiling, and SMEG appliances, ensuring that residents enjoy an enhanced living experience.

Craig Fairfoull, Sales and Marketing Director at Dundas Estates, expressed the team's pride in this achievement. He said: "Winning the Apartment of the Year award is a significant milestone for us.

"The Wireworks is a perfect representation of our mission to create homes that make people feel great. This recognition underscores the dedication and passion we put into every project. We are thrilled that our efforts have been honoured on such a prestigious platform."

The success of The Wireworks demonstrates Dundas' ability to deliver on its promise of building high-spec homes that exceed customer expectations.

Craig said: "Our focus has always been on delivering more than just a house – we build communities where people want to live. This award is a testament to our team's hard work and vision to provide the best living environments possible."
