

Dhoom makes it three in a row with another AA rosette

Dhoom Indian Streatery & Bar in Dunfermline is celebrating retaining its prestigious AA Rosette Award for the third year running.

This is the only Indian restaurant in Fife to win the accolade – and to have achieved it three times consecutively. An AA Rosette is one of the highest recognitions in the UK, celebrating exceptional food, together with a recognition of real dedication to maintaining excellent standards of quality, flavour, and authenticity. With a team of experienced inspectors carrying out quality checks at restaurants up and down the country, AA Rosettes are only awarded when strict criteria are met.

“We rank the acquisition of our AA Rosettes as one of our greatest achievements over the past few years,” said Chef Proprietor, Dhaneshwar Prasad. “Achieving this recognition for three years in a row is not only a massive achievement for our entire team but also for the wonderful community of food lovers who continue to support and celebrate Dhoom here in Dunfermline. We always say to our incredible guests how grateful we are for their unwavering support, along with the passion and commitment of all our hard working staff. This award is for all of us. Sincerely – a huge thank you. We really are beyond thrilled with this news.”

Prasad revealed that the good news had come just as he’s about to head off on his latest Indian research adventure, devising

another tasting menu for launch after Christmas.

“The Punjab region is next on the agenda to explore,” said Prasad. “Due to its climate and the amount of produce grown here, it’s an area known as ‘the bread basket of India’, producing huge quantities of wheat, potatoes, sugarcane, millet, barley, maize, mustard, lentils, pulses, fruits and vegetables.”

“I’ll be away for around six weeks as usual, tasting local dishes, together with sourcing spices and ingredients. The Chennai menu is still going down very well with our customers, but we never rest on our laurels here at Dhoom. I’m always thinking of the next taste sensation to bring to the people of Dunfermline, and beyond.

“2024 has been another really consistent year in terms of major awards we have won, plus we’re continuing to help so many community groups, charities, and sporting organisations with a monthly donation of £750. We will continue to do this right into 2025, as we are one hundred per cent committed to giving back to the City.”
