## Best-Value Gifts for Travelers: AC180 and AC70 Portable Power Station

Compact yet powerful, the AC180 and AC70 are great gifts for travelers, remote workers, or anyone who needs reliable power on the go. The AC180 packs a 1,152Wh capacity and 1,800W output, which can keep a car fridge running for over 15 hours—ideal for camping, beach outings, or picnics. The smaller AC70 with 768Wh capacity and 1,000W inverter is great for keeping phones, laptops, cameras, and drones charged

during backyard camping or fishing trips.

### **Best Gifts for Off-Grid Adventurers: AC200L Portable Power Station**

Anyone who loves van life or off-grid living cannot refuse a gift like the BLUETTI AC200L portable power station. With its 2,048Wh capacity and 2,400W output, it can power everything from a small fridge to a coffee maker. It can run a 150W fridge for 28 hours or charge a 100Wh laptop up to 47 times, making it essential for a comfortable off-grid experience. For extended trips, add the B300K Battery Pack to double its capacity to 4,812.8Wh. The Charger1 Alternator Charger can charge AC200L 6 times faster than the conventional car charger.

### **Practical Gifts for Homeowners: AC300 and AC500 Home Backup Power Series**

A reliable home battery backup system is a no-brainer gift for someone who wants energy security. The AC300 and AC500 series provide Uninterrupted Power Supply (UPS) capabilities, keeping essential home appliances running through storms or unexpected power outages. The AC300 + B300K combo (3,000W/2,764.8Wh) powers appliances like refrigerators, freezers, CPAP machines, WiFi routers, and more, ensuring comfort and convenience during blackouts. For greater capacity, the AC500 + 2×B300K (5,000W/5,529.6Wh) setup powers heavy-duty appliances such as a 5000BTU air conditioner for about 2 hours.

### **Ideal Gifts for Campers and RV dwellers: PV350 Foldable Solar Panel**

For camping enthusiasts and those who live in RVs, the BLUETTI PV350 solar panel is a fantastic gift choice. This folding solar panel is designed to extend the runtime or enable the charging of portable power stations out in the field. Keeping devices operational without grid power can be challenging with remotely deployed hardware. With a 23.4% efficiency, rugged

design, and water-resistant rating, the Bluetti PV350 is geared to provide solar power in nearly all remote environments, adding freedom and sustainability to your adventures.

Portable power stations and solar panels aren't cheap, so don't miss out on [BLUETTI's Black Friday deals](#) to get one at a discount for yourself, your family, or your friends. With a range of portable generators and solar panels to choose from, you can't go wrong, as they can be used for everyday life, camping, emergencies, or remote worksites.
