

New show home open now at Oaktree Gardens

Allanwater Homes has opened a new three-bedroom show home at its Oaktree Gardens development in Alloa, offering a glimpse into contemporary family living away from the city.

The Sidlaw house type has a sophisticated design that maximises space and natural light. Lynn McNair, the company's Development Sales Manager, carefully curated the home's interior, drawing on her background in fabric and design.

Visitors are greeted by a light-filled hallway leading to a spacious 5.7m living room. The kitchen/diner features an on-trend greenish-grey palette with gold-coloured accents, and there are double doors opening to the garden.

Upstairs, the main bedroom offers a serene retreat with natural colors and soft textures. The second bedroom boasts a fashionable oversized headboard and striped feature wallpaper, while the third bedroom appeals to children with a subtle elephant-themed wall design.

This show home is in the final phase of Oaktree Gardens, a development which began in 2004. The current release includes three and four-bedroom homes with impressive specifications, including solar PV panels, integrated appliances, and stylish bathroom fixtures.

Each home comes with built-in wardrobes and carefully designed

spaces that cater to modern family needs. With its thoughtful design and attention to detail, the Sidlaw show home demonstrates Allanwater Homes' commitment to creating desirable, contemporary living spaces.

Prospective buyers can explore this showcase of modern family living at the Oaktree Gardens development.

Lynn said: "When this phase is complete, Allanwater Homes will have created over a thousand properties, building a thriving community.

"The journey here at Oaktree Gardens is far from over for us, however, as with new house types, and our very latest specification, exclusive to Oaktree Garden buyers, we are well placed to help many more local people achieve their homebuying ambitions. There's no better way to appreciate our new specification than to see it for yourself, so we hope our new show home will delight and inspire – we want every prospective buyer to imagine themselves living in this home."

Oaktree Gardens is surrounded by countryside walks, convenient for shops and services in Alloa and has excellent transport links to Glasgow, Edinburgh and Dundee. The show suite is open Thursday to Monday from 11am to 5.30pm. Call Lynn on 0771 0304482 to arrange an appointment or visit www.allanwaterhomes.co.uk
