

# **Police appeal to trace owner of phone with two pups screensaver – May be called Catriona**

**Police in Edinburgh are asking the public whether they recognise the two pups pictured above.**

The photo is taken from a mobile phone recovered by officers from the Central Initiative Team who executed a search warrant this morning, recovering a number of stolen electronic items.

Officers are aiming to return these items, however they have been unable to trace the owner of this Nokia mobile.

They believe the owner may be called Catriona.

If you know who these lovely pups belong to, please contact 101, quoting incident 0624 of 21/11/2024 or leave your contact details to be passed to PC Callum Johnston.
