

The best gift candles that Bloom in your room

Looking for a special gift? Lumond's blooming plant candles bring two wonderful surprises in one. First, you'll enjoy the cozy glow and amazing scents. Then, when the candle is done, you can plant the seeds hidden inside and grow real flowers.

Each candle made with pure soy wax because it's better for your home and the environment. Unlike regular candles, these burn longer and cleaner – no black smoke or harmful stuff in the air. Plus, the wooden wick makes this lovely crackling sound, like a tiny fireplace. Each candle burns for approximately 45-50 hours, filling your space with gentle fragrance.

Our Signature Scents

We've carefully crafted each scent to create specific moods:

- **Amber:** Warm and cozy, perfect for chilly evenings. Rich notes of vanilla blend with woody undertones and a hint of musk. This scent makes you want to curl up with a good book and hot tea.
- **Lime Basil & Citrus:** Fresh and zingy, wakes up any room. Sharp citrus notes meet herbal basil, creating an energizing atmosphere. It's like a morning walk through a Mediterranean garden.
- **Sea Salt Sage:** Like a breath of ocean air. Fresh sage mingles with mineral sea salt and light floral notes. Hints of driftwood and clean cotton make this scent refreshingly crisp.
- **Lemongrass & Bergamot:** Bright and sunny vibes. Thai lemongrass combines with Italian bergamot for an uplifting citrus experience. Light green notes and subtle ginger create an exotic twist.
- **English Pear & Freesia:** Sweet and elegant. Ripe pear notes blend with delicate white freesia and a touch of amber. This sophisticated scent brings to mind English gardens in full bloom.
- **Jasmine:** Rich and romantic. Pure jasmine flowers mixed with subtle vanilla and warm woods. This intoxicating blend creates an intimate atmosphere.
- **Cherry Blossoms:** Light and fresh, like spring in your room. Delicate cherry petals mix with light rose and sweet vanilla. A hint of almond adds depth to this airy scent.

Each fragrance is crafted using premium essential oils and natural aromatics, ensuring a clean, true scent that lasts throughout the entire burn time.

A gift plan candles

Inside every scented [plant candle](#) lies a beautiful surprise – your own little garden waiting to begin. When the last flicker of candlelight fades away, you'll find a carefully curated growing kit with seasonal flower seeds. We change our seed selection throughout the year to match nature's rhythm and give your flowers the best chance to thrive. Spring candles might hold sweet pea or marigold seeds, summer brings zinnia and cosmos, fall features hardy rudbeckia and calendula, while winter sets carry indoor-friendly seeds like mini lavender or compact herbs. Each seed pack comes with simple growing instructions, so even if you've never gardened before, you'll find joy in watching your flowers grow.

Perfect for Any Occasion

These candles make great gifts for:

- New homes: Try Sea Salt Sage for good vibes
- Weddings: Jasmine or Cherry Blossoms say "romance"
- Birthdays: Lime Basil & Citrus feels like celebration
- Thank-you gifts: English Pear & Freesia shows class
- Mother's Day: Any floral scent makes mom feel special
- Self-care days: Pick your favorite scent to unwind

Growing Made Easy

Don't worry if you're not a gardening pro. We've picked seeds that grow easily and look beautiful. Each seed variety is chosen for its success rate and connection to the candle's scent. In just 2-3 weeks, you'll see your first sprouts!

Simple Steps to Flowers It's super easy to start your garden:

1. Clean out the container

2. Add water to the soil pellet and watch it expand
3. Plant your seeds according to the depth guide
4. Place in a sunny spot and water gently

Fun Facts

- Our soy candles last 50% longer than regular paraffin ones
- Wooden wicks spread scent better through your room
- Each candle contains enough seeds to grow 5-7 plants
- The soil pellets expand to six times their size when watered

Special Details & Perfect Christmas Gift Each candle comes with a handwritten note and simple instructions for both the candle and future plants. The box itself looks so pretty, you won't even need gift wrap! During the festive season, these candles create a magical Christmas atmosphere with their warm glow and seasonal scents.

Lumond makes these plant candles with lots of care and attention to detail. They're perfect when you want to give something unique and meaningful, whether for Christmas or any special occasion. Each one brings both instant joy and lasting memories – that's what makes them such wonderful gifts. The winter collection features cozy scents like Winter Pine, Cinnamon Cookie, and Vanilla Frost, making them perfect Christmas candles that become spring gardens once the season changes.

Remember – you can only find these unique candles at [Lumond](#). We love creating gifts that make people smile, both during the festive Christmas season and later when their flowers bloom! Whether as a stocking stuffer or a main gift under the Christmas tree, these candles bring double the joy: first as a beautiful festive decoration, then as a growing garden once

spring arrives.
