

Bouncy one-year-old Lurcher ' Logan Longlegs' ready to bring joy to new home

Logan Longlegs is a delightful and bouncy one-year-old Lurcher who is full of life and ready to bring joy to a new home.

This charming dog loves making friends with everyone he meets and thrives in an environment filled with fun and activity.

Logan is looking for an adult home or one with children aged 16 and above, and would love a garden of his own for his famous zoomies.

Logan Longlegs is an affectionate, playful pup who adores being around his people.

Logan's absolute favourite pastime? – playing in the water, whether that's a dip in a puddle or a swim at the beach.

With an energetic nature, Logan is always up for a game with his toys or a fun walk to explore new places.

However, Logan's excitement can get the better of him, especially when meeting new dogs and people—he tends to forget his manners and can be quite bouncy and strong on the lead.

Logan's looking for experienced, confident owners who are willing to work on his social skills and training, helping him learn to channel his enthusiasm. Quiet walking areas would be ideal for Logan as he builds these skills.

Logan travels well in the car and can be left for a couple of hours, though this should be built up gradually as he settles in.

This high-energy Lurcher will thrive with a family that can provide plenty of mental and physical stimulation, along with lots of love and patience.

With the right guidance, Logan Longlegs will make an incredibly fun and loyal companion for an active household ready to share their adventures with him.
