**David Gray has provided a update on his squad for today's trip to Parkhead.**

Hibs go into it in good form having scored a late equaliser against Aberdeen and beating Motherwell 3-0.

However, Gray does have a lot to think about in terms of his team selection this weekend.

"Kwon is unavailable being on loan from Celtic, but Jordan Obita comes back from suspension," explained Gray. "The long-term injuries are still out."

The squad will also be without Rudi Molotnikov

"The only one who picked up a little injury was Rudi. He had a little groin injury in training, so this game will come too soon for him."
