

Ciara Grant signs one-year contract extension with Hibs Women

Ciara Grant has signed a one-year contract extension, keeping the midfielder at the club until Summer 2026.

The 31-year-old initially signed for Hibs Women in June 2024, from rivals Hearts.

She her debut against Partick Thistle on the opening day of the league campaign.

Grant currently leads the team in assists, with a bullish performance against Glasgow City last month seeing the midfielder record an incredible hat-trick of assists – playing a pivotal role in Hibs crucial 3-0 victory.

Playing 24 times for the Club this season and scoring three goals in all competitions to date, Grant played a typically commanding role in Hibs most recent match versus Celtic; helping secure a 1-0 victory as the team head into the split joint top of the SWPL.

After signing her new deal Grant told HibsTV: “My time at the Club so far has been great. I’m very excited now to push on. Everything about the Club has been so positive since I joined last summer. The girls, the staff, the training facilities, everything. It’s just such a great place to train and play.

“We’ve got a great run of games coming up between now and the

end of the season and I'm looking forward to it."

Grant Scott also commented on Grants extension: "Ciara has been a key player for us, bringing experience, composure, and leadership to the midfield. Her professionalism on and off the pitch is invaluable to the group, and we're delighted to have her commit for another year.

"She's an important part of what we're building here at Hibs, and I'm looking forward to seeing her continue to thrive in our environment."
