

Journey Home from Hampden event postponed due to fixture change

The Hibernian Community Foundation has postponed the 2025 Journey Home from Hampden, due to Hibs match against Dundee being moved due to TV selection.

The cycle was due to take place on Sunday 13 April, the same day as the Club's final First Team fixture before the top six split.

The Foundation Team are now working on a new date for the 'Journey Home from Hampden' to allow David Gray and his coaching staff to lead the event.

With a new date to be announced in the near future, the Community Foundation are still aiming to provide the cycle's participants with the once-in-a-lifetime experience of cycling alongside some of their heroes, alongside raising valuable funds and awareness for neurodiverse children looking to get involved in football activities.

A spokesperson said: "The Hibernian Community Foundation would like to thank all the participants for signing up so far and for beginning their fundraising journey, and we apologise for any inconvenience that may have been caused.

"We will communicate the new date once the post-split fixtures have been confirmed.

“We look forward to a challenging yet rewarding day, and encourage all members of the Hibernian community to still get involved any way they can.”
