

Lotto3 – Your New Way to Win!

Lotto fans now have an exciting opportunity to win with [Lotto3](#), a UK-based lottery offering a fast-paced Pick 3 game. With draws every hour, 24/7, players have plenty of chances to take home cash prizes. The game is simple—choose three numbers from 0 to 9, with the option to repeat digits (e.g., 777 or 123). If all three numbers match in exact order, the prize is £500. Matching two numbers in any order wins £5.

For even bigger prizes, players can opt into the Bonus Boost feature, where they select two letters from A to Z. If their three numbers and both letters match exactly, they win the £25,000 jackpot!

Each ticket costs £2, and 20% of all ticket sales go to charity. Currently, Lotto3 supports Cash for Kids, an organization helping children in need due to poverty, illness, or other challenges.

Players can enter a draw instantly by selecting numbers manually or using the “Lucky Pick” feature for a random selection. The “Play Now” option also allows players to schedule multiple draws in advance, up to four weeks ahead.

How Pick 3 Works

The Pick 3 lottery at Lotto3.com is a quick and simple game where players select three numbers between 0 and 9. Unlike traditional lotteries, repeated digits are allowed, making combinations like 555 or 234 possible. With hourly draws running all day, players have frequent opportunities to win.

To enter, players can manually select their numbers or use the “Lucky Pick” tool for a randomly generated selection. Each ticket is £2, with 20% donated to charity. The goal is to match all three numbers in the exact order to win £500.

For those looking for a bigger challenge, the Bonus Boost allows players to add two letters from A to Z. If both the numbers and letters match exactly, they win £25,000.

Players can join a single draw or set up entries in advance for multiple draws. Lotto3 also promotes responsible gaming by offering deposit limits and self-exclusion tools, ensuring a safe and controlled experience.
