## **Tesco Golden Grant for Edinburgh school**

An Edinburgh school has been selected by a Tesco customer to receive a £5,000 donation.

On Saturday 15 March, Tesco customers at the Edinburgh Nicholson Street Express store were given the chance to take part in a lucky dip to find a golden version of Tesco's famous blue voting token.

St Thomas of Aquin's High School was one of three local groups that customers could vote for to receive the £5,000 Golden Grant as part of Tesco's Stronger Starts scheme.

Philippa Hastings, a member of staff at St Thomas of Aquin's High School, said: "This funding will be used to support the families of the St Thomas of Aquin's school students in accessing extra-curricular and excursion opportunities at a time when many families are struggling with the cost of living.

"We are trying to develop educational and engaging opportunities for young people to learn outside of the classroom and are thrilled to be able to support families financially thanks to this grant."

# Inner Forth Landscape bike bus

This is an actual bus that you can take your bike on – not a bike bus like the ones which help children use active travel to get to school. There is a pick up point at the Marina Car Park at Port Edgar for this circular bus service which ventures forth into Fife all day from 9.25. For modified bikes it is best to email to check for space [info@pvttransfer.com](mailto:info@pvttransfer.com)

The bus runs on Sundays only until 26 October.

James Stead, Project Manager for Climate FORTH said: “Climate FORTH’S Inner Forth Bike Bus is one of our innovative activities that can test and showcase novel ways of public transport in the region, that support active travel, sustainable modes of transport and accessibility to local heritage. We can’t wait for you all to try out the Bike Bus this season after key changes were made from last year, following feedback.

“Whether you are out for a cycle or a walk in the Inner Forth, we encourage you to give the Bike Bus a spin for free on Sundays and explore more of the hidden gems near you this spring and summer.”
