

Popular casino games from Eyecon

English online casinos actively use Eyecon gaming software. This provider offers slots with flexible mechanics, where even the absolute beginner gets a chance to win.

Fluffy Favourites

In the slot, the main characters are plush toys. Interestingly, the provider initially oriented the game on the [Katanaspin](#) project and on the female audience and, as it turned out, did not fail. It turned out that the fairer half of humanity is also not averse to spinning slots for money, moreover, in the machine with increased volatility. The model has 5 reels and 25 lines. In the actual mechanics, it is provided with a wild bonus round. You can activate the free spins on registration no deposit UK bonus.

Shaman's Dream

The game tells about the indigenous population of North America. On the screen, the gambler will meet shamans, tambourines, tomahawks, and the inhabitants of an ancient village. The gameplay provides 25 paylines, as well as a round with free scrolls, which opens when three scatters appear on the field. If 5 dream catchers appear on the reels, Shaman's Dream will give out a powerful jackpot.

Sugar Train

Winning combinations in this slot machine for non uk slot sites are formed from candy, lollipops, doughnuts and all sorts of cakes. In one round, the player will be able to catch up to 15 images. The cards appear on a 5 by 3 grid. The developer divides the prize mechanics into two bonus levels. Gumball presents a multiplier of x500, and the Rainbow Pick Bonus will increase the active bet several hundred times more. The level with free freespins includes 25 moves at the expense of the casino. To activate FS, the gambler needs to catch gummy bears.

Twinkle

At one time in the mid-2000s, games with cartoon graphics were extremely popular. The provider picked up on this trend and offered the old-timers of gaming a chance to remember the past. Gambler needs to save the fairy Twinkle, who was captured by pirates. In each rotation appear 15 pictures, and among them there is a wild symbol that can double the potential payout.

Temple of Iris 2

Many years after the debut of the first version, the manufacturer has released a sequel. Players will have to go to Egypt and get into a mysterious tomb. As expected in classic slot machines, customers are waiting for 25 payout options and five reels with three rows. Wild pictures when appearing in a winning combination will increase the winnings by x2, and scatter will help to get into the tour with free freespins. There is in Temple of Iris 2 and a unique option with an instant prize. At a certain point, the user will be able to catch a multiplier of up to x50.

Lucha Rumble

The slot tells about the struggle of superheroes, each of which has its speciality. These characters meet in the fighting ring as wrestlers. The appearance of two heroes and the logo of the apparatus at once gives maximum profit. By the way, the game logo becomes a scatter. This will help to play a round of free spins and rip off a big score.

Champions of Valhalla

The slot machine presents a story about brave Vikings. The visitor to the casino will get to the ancient settlement, where among the inhabitants are held competitions and tournaments. Battles take place on 5 reels and 3 rows. The maximum coefficient is given by purple wild cards that can increase the bet by x1000. Additional rewards await players in the round with paid spins.

Clover Rollover

The second version of the popular video slot is able to give the client an online casino payout of x10000. The theme of the

game is magic, and therefore the gambler is waiting for a number of random and interconnected features. Winning combinations are formed from 3 pictures, and the most expensive chip is considered the image of a clover.

Galactic Girls

Slot will be to the liking of those who prefer to win at the expense of bonuses. A slot machine with increased volatility includes a whole series of prize images. This applies to the wild card, scatter symbol, story bonus game, and round with a lot of free freespins. During the prize scrolls, you can catch symbols, thanks to which the card expands to the entire column.

Lost Island

Anything can happen on a deserted island. Players are offered to save themselves at the expense of prize functions. The client of the club will be able to catch the wild and change almost any card to an expensive one. Scatter will be the key to the round with free freespins. This round the provider allows extending.

Eyecon's collection of casino games is impressive. Each slot has a demo. Therefore, the player can test several dozen models and choose the right one. The provider does not focus only on players with large budgets and offers many options for those who play slots for money purely for fun.
