Thunderstruck 2

Thunderstruck 2 is one of the best-known slots inspired by Vikings. It is developed by Microgaming and comes with an RTP of 96.65%. The maximum win is 8,000 times the stake, and with medium volatility, this game is great for most players. You can bet between 30p and £5, allowing you to place a bet you are most comfortable with.

The game is based on the house of Norse Gods, hence you can interact with Odin, Thor, Loki, and more. The animations are smooth and very advanced, considering this game was released in 2020. Even the low-paying symbols match the Norse mythology theme perfectly, which makes the whole game even better.

Vikings Unleashed Megaways

Vikings Unleashed Megaways was developed in 2018 by Blueprint Gaming, a well-known brand. It is medium in volatility but still offers a massive jackpot of up to 50,000 times the stake. The RTP is 96.5%. You can bet anywhere between 20p and £5.

The game is a bit unique thanks to 6 reels and 117,000+ paylines that can help you win. There is also a Cascading Symbols feature that replaces the winning symbols with new ones. This can also help you win even more. In addition, the

mystery symbol can transform into any randomly chosen symbol and increase the jackpot. Free spins are available, and players get to play with 12 rounds, which they can increase to 27 if they are lucky during the gamble mode. This also increases the multipliers up to 10 times the stake.

Vikings

What if you want to play a game based on Vikings but are not interested in elements of the past? You can play Vikings, which was developed and released in 2018 by NetEnt. The slot is set back in Kattegat, and it features all the stars from the mentioned TV show. As such, you can play with Bjorn, Floki, Lagertha, and of course, Lothbrok.

The game comes with an RTP of 96.05% and high volatility. Thanks to this, you can win up to 10,000 times the stake while bets start at 20p. The maximum bet you can place is £5.
